All members are eligible to enroll in GEICO FCU Online Banking if they are in "good standing" and have met the \$50 minimum share balance requirement for their S1 Regular Share Savings account.

To enroll, just complete and return the application below and a temporary password will be mailed to you. When you log in for the first time, the system will require you to change the temporary password to one you select, and then log back in using your permanent password. One password will be issued for each member number, allowing access to all accounts under that number. If access is requested for more than one member number, each will require a separate password.
